"Shining Light on our Future"

March 29, 2021

Dear Parents,

As we approach the final months of this 2020 – 2021 school year, we will soon begin the process of student placements for next year. We know our students often have special factors to consider, and we believe our parents appreciate having an opportunity for input during the placement process.

We would like to give you the opportunity to provide us with information about your child for next year's placement. Please use the space below to respond to the following questions.

Due to the size of our student population, we want to share some guidelines that will be in place as we determine next year's teacher rosters.

- We are NOT able to accommodate specific teacher requests.
- Please DO NOT include a teacher name on this form.
- Utilize this form ONLY
- Send all feedback forms by Monday, April 19

Thank you for your understanding!

Sincerely,

Candice Hickman, Principal

What characters in a teacher are you looking for to support your child's learning style?

What special factors would you like us to consider for your child in regard to placement?
